APPLICATION QUESTIONNAIRE FOR
SOCIOLoGY 322, Medical Sociology, Spring 2013

Community Health and Non-Clinical Internships at Geisinger
Carl Milofsky and Donna Laroya

If you need more space than this questionnaire allows, you may respond to the questions by creating a Word document and sending that to Professor Milofsky. Return this questionnaire to Prof. Carl Milofsky, Department of Sociology and Anthropology, or email your response to milofsky@bucknell.edu. For assistance contact Debby Baney, Administrative Assistant for Sociology and Anthropology at: dbaney@bucknell.edu or (570) 577-1117.

Name: ____________________________________________

Class Year: _________  e-mail: ______________________

Cellphone number: ________________________________

Best times to reach you: __________________________

Your Major: _________________________________

What Sociology, Anthropology or social science courses have you taken?

Do you have access to a car? Are you approved for driving a University Car?

Yes                      No

If transportation will be a problem, talk about the problem.
The Project

Students will work on a project that is not part of a clinical, medical setting. Students may be part of a research or project team at Geisinger, an internship related to a management area or a health service, or a community project. Tell (a) what kind of project you are interested in and (b) what background or skills you have that would make a Geisinger person want to include you in his or her project or work.

Give names and contact information for two people who would provide references for you and that we could contact to learn more about you. It would be best for them to be people around Bucknell and the local community.

Your Experience

What field research or internships have you experienced? Tell how they would help to prepare you for this experience.

How does this class and internship opportunity relate to your major or to opportunities you will be seeking after graduation?

Will you have approximately 10 hours per week to devote to field placement, plus 4 hours for class and perhaps another 2 hours to write fieldnotes or other internship data reports?

Yes I have time Conflicts No

Explain if you will have problems with time
